Empath

Support Groups

What is an Empath?

Basically, an Empath has the ability to feel the emotions, mental and physical, of the people, places & animals around them. An untrained Empath literally cannot tell the difference between their own feelings and others. They can easily absorb those feelings and can be overtaken by those emotions and/or physical symptoms.

Without skill & daily techniques the Empath can become very ill. In most cases, an Empath is misdiagnosed as one or more of the following;

Chronic Fatigue

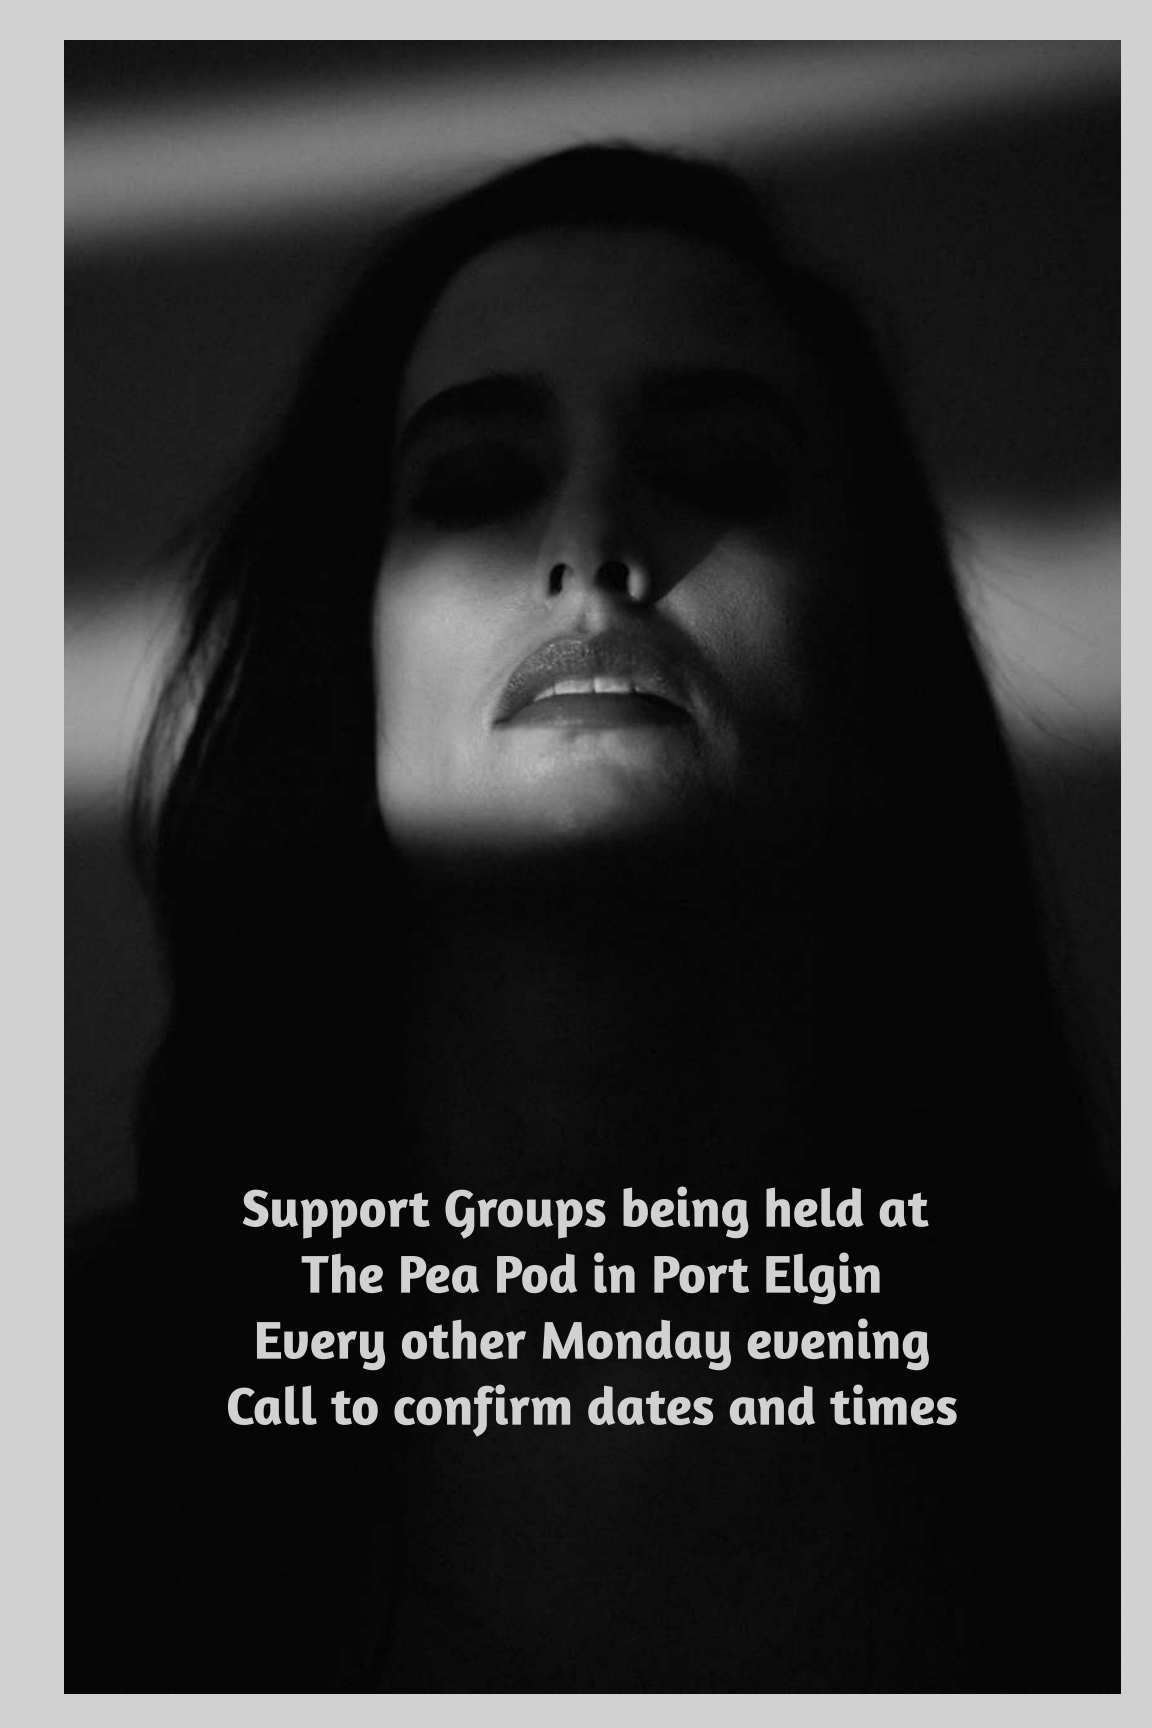

Depression & Anxiety

Agoraphobia

Auto Immune Diseases

Adrenal Issues

Restless Sleep, Dreaming Overtime & Lucid

**Support Groups being held at
The Pea Pod in Port Elgin
Every other Monday evening
Call to confirm dates and times**

Empath Support Group

Meet Like Minded People & have comfort in knowing that you are not alone.

Find out if you are an Empath & what type.

Learn techniques to allow you to distinguish between what is yours & what is belongs to others.

Understand what it means to be an Empath & what you should be doing with this gift.

The best part, if you are an Empath is, that you may have some personal struggles but for the most part, there is nothing wrong with you.

You will learn techniques & gain tools to help to handle your lovely gift.

Meeting Fee is \$20.00
